That's fine, but I do need to correct the record and improve the content of the summary just as I did for the previous 3 summaries.

Those three summaries are an excellent and relatively air-tight record of what we discussed and agreements for future tasks and collaboration.

The same needs to be done for the 4<sup>th</sup> summary; the comments attributed to EPA are absurd.

Thank you, Cassandra.

The summary does not accurately capture my observations about HCPs/NCCPs, so we'll be sending you a single set of comments addressing those aspects of the summary and any other points we may have once I confer with Erin and Stephanie.

**Subject:** EPA technical meeting #4 action items

Stephanie, Erin and Tim – Attached are the draft meeting notes/action items from Monday's meeting. I'm also attaching a compilation of all the action items from the prior meetings. Please let me know if you have any questions and/or comments on either document.

Thanks, C.
